

**SAN FRANCISCO  
SPEED SAILING**

***Join the madness and the fun at the ...***

**INAUGURAL SAN FRANCISCO  
SPEED SAILING EVENT**

**JUNE 15-18, 2006**

***ADRENALIN JUNKIES – THIS EVENT IS FOR YOU!***

***BE THE BOAT TO SET THE SPEED RECORD  
FOR YOUR ONE DESIGN CLASS***

The San Francisco Speed Event is a new speed sailing extravaganza. For the first time on San Francisco Bay, speed sailors will have an opportunity to record extreme sailing speeds in conditions as they exist on a daily basis in one of the best sailing venues worldwide.

The concept is simple - go as fast as you can with your sail-powered watercraft, straight line sailing through a 500 meter course (about one third of a mile), racing against the clock and the elements.

San Francisco Speed Event is open to all sail craft. Catamarans large and small, Olympic and International Skiffs, Windsurfers, Kiteboarders, Monohulls, One Design and all other types of sailboats are encouraged.
